25X1 2. [REDACTED] Talked to Miss Cathy Endres, Assistant to Representative Jack Brooks (D., Texas), concerning a constituent inquiry from Mr. [REDACTED], Texas regarding prospects for employment with the Central Intelligence Agency. I told Miss Endres that Mr. [REDACTED]'s file had been reviewed and that employment opportunity in the immediate future does not look good. Miss Endres noted that she has received similar advice from other agencies and will so advise Mr. [REDACTED]. No further action is indicated.

25X1A

25X1 3. [REDACTED] I called Mr. Horn, Assistant to Representative Howard W. Robison (R., N. 4. [redacted] In response to Senator Jackson's query of yesterday, I hand-carried to Richard Perle, on the staff of the Senate Subcommittee on National Security and International Operations, an updated statement prepared by FMSAC on Soviet ICBM Improvement. This is an updating of the briefing statement used by the Director in briefing JCAE in March. Perle said this would satisfy the Senator's requirements quite nicely.

6. [redacted] Discussed the [redacted] with [redacted] who says that NSA still hopes for a complete exemption. I said this was certainly our position and we would so state in response to the letter from Chairman Henderson, of the House Subcommittee on Manpower and Civil Service, asking for Agency views.

25X1A

[redacted] understands that Henderson plans to report out the bill without hearings, granting both CIA and NSA such exemptions "as they need."

[redacted] said he hoped the Director would recommend a complete exemption for both NSA and CIA. I said I thought this was his intention, and would keep [redacted] informed of any developments.

1. [REDACTED] John Buckley, Administrative Assistant 25X1A  
to Representative Dante B. Fascell (D., Fla.), called and asked if we  
would check our records to see if we had any information on [REDACTED]

25X1A

[REDACTED] [REDACTED] is a retired Navy Lieutenant Commander  
whose sisters are trying to contact him. Buckley has contacted a number  
of Government agencies about [REDACTED] without success and thought he 25X1A  
might have some connection with us. I told Buckley that I would ask our  
people to check the name but also recommended that he call the FBI on  
this since he has not contacted them.

2. [REDACTED] George Murphy, Deputy Director, Joint  
Committee on Atomic Energy, called in connection with a transcript of  
testimony by Admiral Rickover before the JCAE in which several references  
were made to the Director and CIA. These references have been deleted  
by the Navy in the sanitation of this executive session record. Murphy  
wondered about the necessity for these deletions but after talking the matter  
over decided to delete all references to the Agency as recommended by  
the Navy.

25X1

3. [REDACTED] In response to his inquiry I hand-carried  
to Mr. Powell Moore, on the staff of Senator Richard Russell (D., Ga.),  
a copy of the Washington Post of May 1967 which included the text of  
the Katzenbach report on the funding of U.S. organizations and President  
Johnson's acceptance of the report. I also gave Moore our package of  
selected comments on the NSA matter including a ticker item quoting  
Senator Russell. Mr. Moore thanked me for this assistance.
